About Us

Konay is the pionner of spare or repair parts and kits automotive such as aluminium moulds and casting in Turkey. Konay produced piston clynder, piston crank, parts of engine and so much parts to around the world so far. They working with the most important principle which is satisfy to consumers and customers who cooperate with them. When customers order to request, konay draws the project, complished moulds and completes casting fastly and gives products which ordered with assembly at short time to possible.

Moreover a wide of range konay's stocks include caliper repair kits, caliper body, caliper cover and caliper levers, brake repair parts, parts of machine, raw casting alüminium products, raw casting pic-sfero products, spare parts of automotive, upper vehicle fire departments equipments- processed products, assembly products, gloves moulds of work safety and more. The target of company to be the best and having best relationship one's who on cooperation with professionalizm.

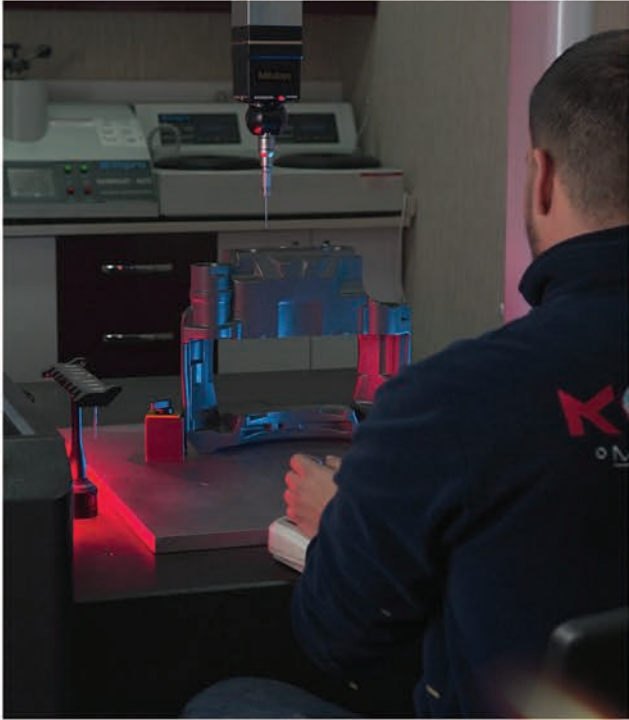

It's happening now and developing fast.

To work with our principles are carrying us to the best for all of us
